The Yard Crew - Solas Project

ACJRD presented the speakers at our Annual Conference with a small gift to thank them for participating. This year's gifts were wooden pens which were crafted by The Yard Crew at the Solas Project.

The Yard Crew is made up of young adults aged 16-24 who are not currently in employment, education or training. The aim of this programme is to equip young people with the practical skills and personal development needed to gain employment. The crew's hard work has resulted in a collection of beautifully crafted wood products. All proceeds go back into the programme, further enabling Solas Project to equip participants to embrace their futures with confidence.

The Solas Skills Development Programme is a mentoring environment that builds and strengthens participants' abilities with the ultimate goal of increasing opportunity for employment. Projects in The Yard improve skills and awareness by demonstrating the benefits of teamwork. For further information, please see <https://solasproject.com>.

Season's Greetings

The ACJRD would like to thank you for all your support in 2018.

The success of all our events comes in no small part from the participation of all of you in attendance, so we thank you for your contributions this year.

We are looking forward to another fruitful year in 2019 starting with our 21st Annual Conference Report launch. We hope you will be able to join us for this event in Spring and we will forward further details in the New Year.

A VERY MERRY
CHRISTMAS
and Happy New Year!
